PROPOSED CHANGES TO THE BBA IN THE MANAGEMENT DEGREE PROGRAM IN THE RED MCOMBS SCHOOL OF BUSINESS CHAPTER IN THE UNDERGRADUATE CATALOG, 2016-2018

Type of Change Academic Change
 Degree Program Change (THECB form required)

Proposed classification Exclusive General Major

1. IF THE ANSWER TO ANY OF THE FOLLOWING QUESTIONS IS YES, THE COLLEGE MUST CONSULT LINDA DICKENS, DIRECTOR OF ACCREDITATION AND ASSESSMENT, TO DETERMINE IF SACS-COC APPROVAL IS REQUIRED.

- Is this a new degree program? Yes No
- Does the program offer courses that will be taught off campus? Yes No
- Will courses in this program be delivered electronically? Yes No

2. EXPLAIN CHANGE TO DEGREE PROGRAM AND GIVE A DETAILED RATIONALE FOR EACH INDIVIDUAL CHANGE:

1. Add OM 334M *Healthcare Operations Management* as accepted to satisfy the OM 335 course requirement.

Rationale: OM 334M is a course being created for the new Business of Healthcare Certificate. It will cover all the same conceptual requirements as the standard OM 335 class, but will use healthcare case studies and examples in class and homework, as well as emphasizing some topics (e.g. waiting line management), which are relatively more important in a healthcare than in a manufacturing environment. It should be accepted to satisfy OM 335.

2. Add MAN 366P and MAN 367P practicum courses as electives, if not used to satisfy the internship requirement.

Rationale: Recently MAN 366P was reinstated by the department, and MAN 367P was created; these should be accepted as Management electives if not used to satisfy the internship requirement. This is consistent with the practicum course treatment for other business majors.

3. Formatting only: Remove preliminary words preceding listings of specific Management courses.
Rationale: Make consistent with the formatting for the other course listings.

DEGREE PROGRAM IN THE RED MCCOMBS SCHOOL OF BUSINESS CHAPTER IN THE
UNDERGRADUATE CATALOG, 2016-2018**

Type of Change Academic Change
 Degree Program Change (THECB form required)

Proposed classification Exclusive General Major

1. IF THE ANSWER TO ANY OF THE FOLLOWING QUESTIONS IS YES, THE COLLEGE MUST CONSULT LINDA DICKENS, DIRECTOR OF ACCREDITATION AND ASSESSMENT, TO DETERMINE IF SACS-COC APPROVAL IS REQUIRED.

- Is this a new degree program? Yes No
- Does the program offer courses that will be taught off campus? Yes No
- Will courses in this program be delivered electronically? Yes No

2. EXPLAIN CHANGE TO DEGREE PROGRAM AND GIVE A DETAILED RATIONALE FOR EACH INDIVIDUAL CHANGE:

1. Add OM 334M *Healthcare Operations Management* as accepted to satisfy the OM 335 course requirement.
Rationale: OM 334M is a course being created for the new Business of Healthcare Certificate. It will cover all the same conceptual requirements as the standard OM 335 class, but will use healthcare case studies and examples in class and homework, as well as emphasizing some topics (e.g. waiting line management), which are relatively more important in a healthcare than in a manufacturing environment. It should be accepted to satisfy OM 335.
1. Remove statement about internship class restriction to MIS and OM.
Rationale: All internship courses are now offered as BA 353, students will no longer register for MIS 353 or OM 353, or any other specific business major field.
2. Add three new business blocks in Finance, Management Information Systems, and Supply Chain Management, with courses specified in those fields. Restructure the previous business course requirements to a General business block option.
Rationale: This will allow students to get more depth in business subjects, and to help with more focused career services recruiting, yet keeping the option for the flexibility of choosing any business courses.
3. Change M 427K to M 427J.
Rationale: Department is changing the course number to M 427J.
4. Change ES 377 to ES 377E.
Rationale: The original options was for students to take Interdisciplinary Entrepreneurship. However that course has changed numbers to E S 377E. (E S 377 is now *Grand Challenges-21st Century*, which is restricted.)
5. Formatting only: Remove preliminary words preceding listings of nonbusiness and engineering course options. Change how nonbusiness courses are listed.
Rationale: Make wording and formatting consistent across degree plans.

Degrees and Programs

Degree requirements are listed below under BBA Degree Requirements and under individual major degree requirements. For a complete list of requirements for a degree, the student should combine the degree requirements in these two sections with the University's minimum General Requirements for graduation.

~~[The Minor]~~

~~[While a minor is not required as part of the BBA degree program, the student may choose to complete a minor in either a second business field or a field outside the school. A student may complete only one minor. The minor consists of at least twelve semester hours in a single field, including at least nine hours of upper division coursework. Students who minor in management information systems may count Management Information Systems 304 toward the requirement of nine hours of upper division coursework. Students who minor in any area of finance must take Finance 367 as three of the required twelve hours.]~~

~~[Six of the required hours must be completed in residence. A course used to fulfill the requirements of a minor may not be taken on the pass/fail basis unless the course is offered only on that basis. An internship course may not be counted toward the minor.]~~

~~[The McCombs School allows the student to minor in any field in which the University offers a major. However, prerequisites and other enrollment restrictions may prevent the student from minoring in some fields.]~~

Minors

The McCombs School of Business offers transcript-recognized undergraduate academic minors for three different student populations:

The Business Minor – a foundational exposure to the primary business fields of study, available to any degree-seeking student outside of the business school (non-business majors).

Accounting/Finance Minor for Business Economics Option Program – available only to degree-seeking Economics majors who have been admitted to the BEOP program.

Minors for Business Majors Students – available only to degree-seeking McCombs School of Business students, in six individual business fields of study.

The minor must be completed in conjunction with an undergraduate degree at the University of Texas at Austin, and may not be earned in the same field of study as the student's major. At least six hours must be upper division, and at least half of the required course work in the minor must be completed in residence at The University of Texas at Austin. At least nine of the hours required for the minor must include coursework not used to satisfy the requirements of the student's major. However, courses in the minor may fulfill other degree requirements such as general education requirements or required elective hours. Transcript recognition is awarded at the time students complete their undergraduate degree.

To see a full list of Transcript-Recognized Minors offered at UT, please go to [link]

Minors for Business Majors

While a minor is not required as part of the BBA degree program, a student may choose to complete a minor in conjunction with their degree, in either a second business field or a field outside the school, which offers a

minor and for which the student is eligible. A BBA student may complete only one minor, which must be in a different field of study from his or her major.

The business school offers six Minors for Business Majors, which are available only to students enrolled in the McCombs School of Business: Accounting, Finance, Management, Management Information Systems, Marketing, and Supply Chain Management.

To fulfill a Minor for Business Majors, students must complete fifteen semester hours of coursework as described below in the requirements of the selected minor. At least half of the coursework must be completed in residence at The University of Texas at Austin. All coursework must be taken on the letter-grade basis, and completed in conjunction with the students' major requirements.

Registration for any of these courses will require that existing prerequisite course requirements are adequately met.

|Applicability of Certain Courses

|Physical Activity Courses

|Physical activity (PED) courses are offered by the Department of Kinesiology and Health Education. They may not be counted toward the Bachelor of Business Administration degree. However, they are counted among courses for which the student is enrolled, and the grades are included in the grade-point average.

|ROTC Courses

|No more than twelve semester hours of air force science, military science, or naval science coursework may be counted toward the Bachelor of Business Administration degree. ROTC courses may be used only as nonbusiness electives and may be counted toward the degree only by students who complete the third and fourth years of the ROTC program and accept a commission in the service.

|Courses Taken on the Pass/Fail Basis

|A business student may count toward the degree up to four one-semester courses in elective subjects outside the major taken on the pass/fail basis; only electives, nonbusiness electives, and upper division nonbusiness electives may be taken on the pass/fail basis. Business courses taken on the pass/fail basis cannot be counted toward the major, unless they are offered only on the pass/fail basis. Credit earned by examination is not counted toward the total number of courses that the student may take pass/fail. Complete rules on registration on the pass/fail basis are given in *General Information*.

|University Extension Self-Paced and Semester-Based Courses

|Students planning to take self-paced or semester-based University Extension courses should consult with the BBA Program Office before doing so to ensure compliance with the following restrictions:

- |1. Credit that an in-residence University student earns simultaneously through University Extension or similar means from another institution should be discussed in advance with the student's academic adviser to determine business degree applicability.
- |2. A student may not be enrolled concurrently for courses from University Extension or another institution during his or her last semester without jeopardizing graduation eligibility.

- ~~3. With regard to registration on the pass/fail basis, extension courses are subject to the same restrictions as courses taken in residence; these restrictions are given in the section Courses Taken on the Pass/Fail Basis.~~

[Concurrent Enrollment

~~[To ensure degree applicability, students are urged to consult with their academic adviser before registering concurrently at another institution, either for resident coursework or for a distance education course, and before enrolling in University Extension self-paced or semester-based coursework. A student may not be enrolled concurrently during his or her last semester in any course to be counted toward the degree without jeopardizing graduation eligibility.]~~
