finish out the catalog cycle under the old policy. However, based on your advice below, we will withdraw the proposals outstanding (as listed below) and consider them final approved at the institutional level. Please let me know if you have any concerns.

Thank you for all your help throughout the whole year!

Lydia

**Subject:** RE: UT Austin Outstanding Proposals for Undergraduate Catalog Changes

Good morning, Lydia,

Greta passed along your inquiry regarding the need for OGC approval of the proposed degree changes. Based on the recent policy change eliminating the requirement to get OGC and OAA approval for catalog revisions, you may withdraw these proposals and consider them final approved at the institutional level.

Thank you for following up. Please let me know if you have any questions.

Kind regards,  
Paige

**Subject:** UT Austin Outstanding Proposals for Undergraduate Catalog Changes

Good morning Suzanne and Greta!

Thank you both so much for your help with managing the flood of documents from UT Austin this academic year. It has been a busy busy catalog year, and I'm happy to see it come to a close!

I'm also very excited about the memo from your offices last week, officially changing our process for these document approvals – I think it will make all our lives much better! In light of that, however, I have one question for you all. We still have the following sets of documents from this catalog cycle that have not been reviewed by OGC and/or approved by Dr. Leslie:

- D 13460-13467: CNS Applied Statistical Modeling Certificate (submitted 12/11/15)
- D 13639-13678: CNS Astronomy, Biochemistry, Chemistry, etc. (submitted 12/11/15, assigned to Paige Barnett on 3/7/16)
- D 14040-14046 and 14290-14295: Fine Arts Minors and other (submitted 3/1/16, assigned to Paige Barnett on 3/3/16)
- D 14063-14092 and 14717-14754: Moody College Degrees and Minors (submitted 3/1/16, approved by Lee Roy Calderon on 3/23/16. I got a memo from Suzanne on 3/30/16 that OAA approval was no longer necessary, but I kept this as tentative as the new policy was not yet official.)
- D 14269-14286: CNS Flags and Transfer Policies (submitted 3/14/16, assigned to Lars Hagen on 3/24/16)
- D 14758-14761: Accounting/Finance Minor (submitted on 3/2/16, assigned to Lars Hagen on 3/3/16)
- D 14841-14847: Computational Science and Engineering Certificate (submitted on 3/2/16, assigned to Lars Hagen on 3/3/16)
- D 14848-14854: Jackson School Degrees and Programs Section (submitted on 3/2/16, assigned to Lars Hagen on 3/3/16)

Do you all advise that we withdraw these proposals and consider them final approved at the institutional level?

Thank you!

Lydia
