**Change being proposed and rationale:**

In the catalog language, remove specification of course numbers accepted for the nine hours of management electives; any upper-division management is accepted.

*Rationale: Not specifying a long list is easier for students to understand the requirement. It also reduces the risk of missing adding new courses that the department would want to be included, study abroad courses, etc. The original intent was any upper-division management; this is making that intent explicit and simpler in the catalog language.*
