The approvals process for changes to the Undergraduate and Law Catalogs:

**ACADEMIC CHANGES:**
- Changing requirements to existing degree programs or academic policies, other than changing the number of required SCH's.
- Adding or deleting minors or certificates with 20 or fewer SCH's

College or School submits impact statement to OGF → Legislative Review Committee reviews proposal; works with colleges to make edits if needed → CUDPR reviews proposal; recommends approval to Faculty Council → Faculty Council approves proposal → Provost approves → EVPP sends final approval to college/school, OGF, OP, IRRIS, President's office → College/school makes change to catalog

**DEGREE PROGRAM CHANGES:**
- Adding or deleting a degree program or certificate program with 23 or more SCH's.
- Changing the number of SCH's required by a degree program.
- Renaming a degree program.
- Changing CIP codes.
- Moving from one academic unit to another.
- Consolidating degree programs

College or School submits impact statement and THECB form to OGF → Legislative Review Committee reviews proposal; works with colleges to make edits if needed → CUDPR reviews proposal; recommends approval to Faculty Council → Faculty Council approves proposal → Provost approves → EVPP sends final approval to college/school, OGF, OP, IRRIS, President's office → College/school makes change to catalog

*Note: degree programs over $2M require Board of Regents' approval

UT System reviews, requests edits if necessary, EVCAA approves → UT System submits to THECB → THECB approves → College/school makes change to catalog

*Note: Engineering programs and programs over $2M require review at a quarterly THECB board meeting*
