11. OTHER CERTIFICATE REQUIREMENTS: None.

12. GIVE A DETAILED RATIONALE FOR CHANGE(S): A proposed change is to add the course PHL 363L as an option for fulfilling a requirement. We are requesting this change for several reasons. One is to ensure that our students have ample seats to choose from each semester. Another is to attract students who are science majors with specialized interests in philosophy of biology, philosophy of physics, etc., depending on their major. Since PHL 363L has a number of specialized topics that relate to various fields of science, it allows our students to integrate a philosophical perspective on their major field into the required courses for their certificate.

Second, we request to add four courses as optional HIS requirements HIS322G, HIS329P, HIS350L topic 32, HIS350L topic 64. The addition of these courses would solve the problem that our previous two requirements HIS322D and HIS322M are usually only taught by Prof. Bruce Hunt, such that if, as in the present of next academic year, Hunt does not teach one of them (because of other obligations), then students interested in the HPS Certificate cannot pursue or complete it. The four additional HIS courses enable students to have more latitude in choosing courses.

PROPOSED NEW CATALOG TEXT

History and Philosophy of Science Certificate

The History and Philosophy of Science Certificate provides students an opportunity to gain a coherent, cross-disciplinary command of the methods and findings that the liberal arts have contributed to our understanding of the sciences. Students analyze the dynamic development, concepts, and roles in society of various sciences, as well as the personal, dramatic struggles of famous scientists. Students must complete four courses in two required areas: history of science, and philosophy of science, as well two electives to be selected from a list of pre-approved courses in history, philosophy, astronomy, physics, or core texts and ideas.

The certificate program requires eighteen [~~18~~] semester hours of coursework, of which at least twelve [~~12~~] semester hours of coursework must be upper-division, and including at least nine semester hours completed in residence.

Students must fulfill the following requirements:

1. Six semester credit hours, chosen from History 322D, [~~The Scientific Revolution of the Seventeenth Century, and History~~] 322M [~~, History of Modern Science~~], 322G, 329P, 350L topic 32 and 64
2. Philosophy 313, Introductory Symbolic Logic, or Philosophy 363, Scientific Method
3. Philosophy 316K, Science and Philosophy, [or] Philosophy 322, Science and the Modern World, or PHL 363L Topics in the Philosophy of Science
4. Six additional semester credit hours, chosen from an approved list

Each semester, the list of approved courses that meet the requirements above is available in the Department of History undergraduate advising office.

Courses the student has completed at the time of application to the program may be counted toward the certificate. Students apply for transcript-recognized undergraduate academic certificates at the time they complete their undergraduate degree or the certificate program, whichever comes later. Transcript recognition is awarded at that time. More information is available at the Certificate on History and Philosophy of Science website: <http://liberalarts.utexas.edu/hps/index.php>

Please include a draft of the catalog copy immediately following the above form. If this is an update of an existing copy, the draft should be based on the text of the current catalog available at: <http://catalog.utexas.edu/undergraduate/>. **Strike through and replace (with underlines) only the specific language to be changed. Do NOT use track changes, and do not include hyperlinks in the catalog copy.** Submit form electronically to the Office of the General Faculty and Faculty Council at fc@austin.utexas.edu. For questions on completing this section, please contact Victoria Cervantes, fc@austin.utexas.edu, 471-5934 or Brenda Schumann, brenda.schumann@austin.utexas.edu, 475-7654.
