The Division of Behavioral Medicine and Clinical Psychology (BMCP) is seeking 3 psychologists to provide oversight and leadership to each of three psychiatry inpatient units (Child, Adolescent, and Residential) located on the College Hill campus of Cincinnati Children’s Hospital Medical Center.

These positions have been developed under the newly launched Mind Brain Behavior Collaborative. We believe all children with behavioral, mental, and neurological conditions deserve to reach their optimal health, wellness, and quality of life.

As part of this initiative the divisions of BMCP, Psychiatry, and Patient Services are collaboratively seeking psychologists with strong behavioral training and background, and a passion for serving children and adolescents experiencing an inpatient stay for a mental health condition.

Responsibilities will include development, implementation, and oversight of a therapeutic milieu program, assisting with development and implementation of clinical staff skill development and competency, and providing specialized individual care planning with a focus on trauma informed care and evidence based treatment interventions.

We are seeking individuals with strong behavioral training, 2 to 3 years of experience in evidence-based assessment and treatment of acute psychiatric illness and chronic mental health conditions, experience within inpatient psychiatric hospital setting, and collaboration with interdisciplinary teams.

One of the three positions will serve as the clinical lead for this new program of leadership at be appointed as a Staff Psychologist III or Associate Professor. For this position 3 to 5 years and prior leadership experience with multidisciplinary teams is highly desirable.

Faculty appointments also available for candidates with a strong track record of publications, especially publications sharing dissemination of innovative clinical care and practices.

Living in Cincinnati

Cincinnati is a friendly city with affordable housing in nice neighborhoods that don’t require long commutes.

**Sized just right**
Cincinnati is one of the most affordable cities in the country. Recently recognized by Forbes Magazine’s Top 20 Most Affordable Cities. Compare the purchasing power you would have here against other cities with major research centers.

**Schools**
Education is a top priority for many families. Cincinnati offers all levels of learning from early childhood to adulthood. There are public, private and religious affiliated schools including Magnet Schools, Montessori, College Prep, Performing Arts, Information, Technology and Entrepreneurial. For higher education the area has more than 30 colleges and universities which include the University of Cincinnati, Northern Kentucky University, and Xavier University.

**Transportation**
Getting around Cincinnati is more convenient than in many cities. Cincinnati Children’s is centrally located, so traveling to work by car, bus or even a bike is easy. And we’re very accessible when you’re coming from out of town by air, interstate, rail or bus.

**Leisure time**
Looking for something to do after work? The city has a strong menu of arts and entertainment, and major sports. As well as excellent golf courses and people/pet friendly parks.

Sports fans can root for professional soccer, baseball and hockey and football teams. Big East and Atlantic 10 college teams, and international tennis champions at the Western and Southern Tennis Open.

Fans of the arts can enjoy Cincinnati Symphony Orchestra, Cincinnati Opera, MidPoint Music Festival, Cincinnati Ballet, Broadway Play Series, and other nationally recognized festivals and shows. We were named one of the Top 52 Places to Visit in 2018 by the New York Times.

Book worms can get lost in the Public Library of Cincinnati and Hamilton County, one of the premier public library systems in the United States.

**A place to work and grow**
Cincinnati Children’s is a diverse and inclusive workplace, and we’re proud of it. We offer programs that promote and build a welcoming environment for employees.
