PROPOSED CHANGES TO THE BACHELOR OF BUSINESS ADMINISTRATION DEGREE PROGRAM IN THE MCCOMBS SCHOOL OF BUSINESS CHAPTER IN THE UNDERGRADUATE CATALOG 2018-2020

TYPE OF CHANGE: ☑ Academic Change
☐ Degree Program Change (THECB form required)

PROPOSED CLASSIFICATION: ☐ Exclusive ☑ General ☐ Major

1. IF THE ANSWER TO ANY OF THE FOLLOWING QUESTIONS IS YES, THE COLLEGE MUST CONSULT LINDA DICKENS, DIRECTOR OF ACCREDITATION AND ASSESSMENT, TO DETERMINE IF SACSCOC APPROVAL IS REQUIRED.
   • Is this a new degree program? Yes ☑ No ☐
   • Is this program being deleted? Yes ☑ No ☐
   • Does the program offer courses that will be taught off campus? Yes ☑ No ☐
   • Will courses in this program be delivered electronically? Yes ☑ No ☐

2. EXPLAIN CHANGE TO DEGREE PROGRAM AND GIVE A DETAILED RATIONALE FOR EACH INDIVIDUAL CHANGE:
   1. Add EDP 304 as accepted to satisfy the ANT/PSY/SOC requirement.
      Rationale: Course content was reviewed and determined appropriate to satisfy this requirement, and the course has been found to be extremely helpful for students finding academic challenges.
   2. Change the wording from “internship or practicum” requirement to “experiential learning” requirement.
      Rationale: We want to re-characterize the internship course and all current and future practicum courses as options to fulfill an experiential learning requirement.
   3. Remove departmental internship courses; add new practicum courses MAN 347P and 369P.
      Rationale: Departmental internship classes are no longer offered and have been retired from inventory; all BBA students now take B A 353. Adding new practicum courses created for the Entrepreneurship Minor as accepted to satisfy internship/practicum requirement.
   4. Remove statement that sixty hours non-business is required, but specify that six hours upper-division non-business is still required.
      Rationale: Degree and course requirements are only affected in that non-business upper-division electives will change to free electives. This increases flexibility in student course choices. We have learned that AACSB, the business accrediting agency, no longer has strict requirements that sixty hours of non-business coursework must be completed, nor that forty-eight hours must be completed in business. Eliminating this stipulation allows greater flexibility in major design and degree completion, while requiring that students take six upper-division non-business courses in addition to the University core ensures that students will continue to receive the broad education that is consistent with a bachelor’s degree. With the specific UT Austin core and BBA degree requirements, at least fifty-four hours of non-business course credit are required for every student who earns a BBA degree, out of 120 total credits. Moreover, through use of free electives, students in every major are able to complete over 50% of their degree requirements outside of McCombs.
   5. Remove statement that a BBA is never awarded with fewer than forty-eight hours in business, and make residency and upper-division requirements more clear (no change in residency requirement).
      Rationale: This was originally in the catalog to satisfy an AACSB requirement that is no longer in effect. No BBA degree plans are affected by this, as all BBA majors require more than forty-eight hours of business credit. Majors in the BBA degree require (including the business core) between forty-nine and fifty-seven hours of business credit, so releasing this constraint has no explicit effect. However, this change will allow acceptance of non-business courses in satisfaction of business degree requirements (on a case-by-case basis and with department approval) without forcing the student to take additional business courses in order to meet a forty-eight hour requirement.
      For example, M 316 taken at UT Austin is accepted to satisfy STA 309; a student who completes M 316 would not then be forced to take an additional three hours of business credit, in order to meet a forty-eight hour requirement.
6. Correct table of courses considered for the 50% major residency requirement (50% of the major coursework must be completed in residence), to remove errors and reflect changes being made to the catalog.
   Rationale: Some information was in error or missing and must be corrected, some new classes and tracks have been added and need to be included, adjust order to match major’s listings in the catalog, make wording and punctuation consistent. This is not changing requirements, but making corrections to make the table up to date.
