# PROPOSAL TO CHANGE THE HEALTH COMMUNICATION MINOR IN THE MOODY COLLEGE OF COMMUNICATION CHAPTER IN THE UNDERGRADUATE CATALOG 2018-2020

Dean Jay M. Bernhardt, in the Moody College of Communication has filed with the Secretary of the Faculty Council the following proposal to change the Health Communication minor in the Moody College of Communication chapter in the *Undergraduate Catalog*, 2018-2020. On September 12, 2017, Faculty Committee Chair Brad Love approved the proposal; It was approved by the Moody College Administrative Committee on September 5, 2017, and by Dean Bernhardt on September 11, 2017. The Secretary has classified this proposal as legislation of exclusive interest to one college or school.

The Committee on Undergraduate Degree Program Review recommended approval of the proposal on February 16, 2018, and forwarded it to the Office of the General Faculty. The Faculty Council has the authority to approve this legislation on behalf of the General Faculty. The authority to grant final approval on this legislation resides with the Provost on behalf of the President.

If no objection is filed with the Office of the General Faculty by the date specified below, the legislation will be held to have been approved by the Faculty Council. If an objection is filed within the prescribed period, the legislation will be presented to the Faculty Council at its next meeting. The objection, with reasons, must be signed by a member of the Faculty Council.

To be counted, a protest must be received in the Office of the General Faculty by March 16, 2018.

Clar W. Driekwan

Alan W. Friedman, Secretary of the General Faculty and Faculty Council

#### PROPOSED NEW CATALOG TEXT:

#### MINOR AND CERTIFICATE PROGRAMS

#### **Health Communication Minor**

The Health Communication Minor is intended for any University student interested in advanced study of health communication. Students completing the Minor program will understand how health communication professionals think and be prepared for careers in population health, medical, clinic management, and communication agencies, among others. More information about the Health Communication Minor is available at http://moody.utexas.edu/healthcomm/.

This program is open to all University of Texas at Austin students. The Moody College reserves the right to limit the number of students accepted into this minor by instituting a competitive application process. Applicants may be judged on such factors as grade point average, prior coursework taken, prior experience in the field, and response to essay prompts.

The minor program requires [16] <u>sixteen</u> semester hours of coursework including nine hours to be completed in residence. Students must fulfill the following requirements:

- 1. Communication 102, Introduction to Health Communication
- 2. Three hours of approved coursework from each of the following areas: interpersonal communication, organizational communication, and population/mass media (the approved area course lists are available below).
- 3. Six additional upper-division hours from these areas of which three [of these] hours must be from outside the student's major college.
- 4. A grade of at least a [C] C- (or CR for courses offered only on a pass/fail basis) in each course counted toward fulfillment of the minor requirements.
