PAYMENT CHOICES

↑
This option will allow you to use any available financial aid, scholarships or fellowship to pay your tuition bill.

If you select Pay with Available Aid and your tuition is later paid via a TRB or fellowship, then the money you applied from your fellowship will be reimbursed AFTER the 12th day of class (or the 4th day of class in summer sessions). It will not be reimbursed before that.

Fellowship students:

- If you select Pay with Available Aid, then your fellowship will be reduced by the amount applied to your tuition bill.
- If your fellowship covers full tuition, then be sure the fellowship tuition payments are applied (see above) before you make this selection.
