

MKE 400

Miniature Camera Microphone

Rugged, compact and versatile for great video sound: the MKE 400 is a small shot gun microphone for cameras with a lighting shoe mount and external microphone input.

- Rugged metal housing
- Maximum side noise rejection, optimized for video recordings
- Switchable sensitivity for long and short distances
- Switchable wind noise filter
- More than 300 hrs operating time (from a single AAA battery)
- Battery condition LED
- Integral shock-mount for rejection of handling noise
- Foam windshield included

Recommended accessories

- MZW 400 Professional Accessory Kit including wind cover for outdoor recordings and a 3.5 mm to XLR connector for using the MKE 400 with larger camera types.
