

# CCP: New and Existing Degree Program

## **Basic Information**

Proposed  
Catalog Year

Name of degree  
program

Department  
sponsoring the  
degree

Departmental  
Approval - Name  
and Title

Departmental  
Approval - Date

---

## **Proposal Rationale**

Objective for the new degree program (e.g. why is this degree program necessary/desirable?)

Rationale

---

## **Out-of-Program Impact**

If your proposed degree program will have a discernable effect on other academic units (e.g. budget, student enrollment), you are required to obtain approval from those units. Approval can only be granted by a Dean, an Associate/Assistant Dean, or a Chair/Director.

Will the degree involve courses in other colleges/schools?

Will the degree involve courses in CNS that are frequently taken by students in other colleges?

Will the degree cause a net increase or a net decrease in the number of students from CNS taking courses in other colleges?

Could the degree cause a net increase or a net decrease in the number of students from outside CNS taking courses in CNS?

Will the degree result in courses being offered electronically off campus? If so, where?

Will the degree result in courses being offered in person off campus? If so, where?

Will the degree necessitate the development of new, never offered courses?

Will the degree result in a program offered in conjunction with an institution other than UT Austin?

Will the degree involve changes to the core curriculum or other basic education requirements?

If it is clear that the change will affect specific outside programs, you are required to provide the approval information for any affected units including:

Title of Approver

Name of Approver

Date of Approval

Approving Unit's Official response

## **Catalog Language**

In a separate Word .doc supply the catalog language for the degree. Do not use track changes, and do not include hyperlinks.

## **Required THECB Forms**

If your proposal involves **changing (reducing or increasing) semester credit hours for an existing degree program**, you will fill out the relevant THECB form.

If your proposal involves **changing the degree title of an existing program**, you will need to fill out the relevant THECB form.

If your proposal involves consolidating existing degree programs, you will need to fill out the relevant THECB form.

You may access them on the [C&C website](#)
