

Thesis M.S.E. Program of Work

2021-2022 Catalog

This Program of Work meets the Biomedical Engineering Thesis M.S.E. Degree requirements for students who enter the program in Fall 2021. This form can be used as a planning tool for students or to submit to the graduate program if requested. The Graduate Coordinator maintains your official program of work online in EASI and UT Direct.

Name: _____ UT EID: _____ Date: _____

- *All courses must be graduate-level and taken for a letter grade, except BME 698A/B Thesis which are graded on a CR/NC basis.
- Students must take one course from three of the four technical areas. For the one technical area you will not take a course, enter "X" under the grade section.
- BS BME/MSE Integrated students may waive the biological/clinical sciences requirement and instead choose another graduate-level technical course to replace it.
- For courses not yet taken, enter "N/A" under the grade section. For courses in progress, enter all information accordingly and "IP" under the grade section. 9 credit hours per semester and 3 credit hours in summer is full-time.
- See a list of pre-approved courses here: <http://bit.ly/ApprovedCourses>
