

Applied Research Laboratories  
Artificial Intelligence Laboratory  
Battery Research Group  
Biodiversity Center  
Center for Planetary Systems Habitability  
Center for Electrochemistry  
Center for Big Data Analytics  
Center for Brain, Behavior, and Evolution  
Center for Complex Quantum Systems  
Center for Computational Oncology  
Center for Dynamics & Control of Materials: an NSF MRSEC  
Center for Gravitational Physics  
Center for Health & Environment: Education & Research  
Center for High Energy Density Physics  
Center for Identity  
Center for Information Assurance and Security  
Center for Learning and Memory  
Center for Nano and Molecular Science and Technology  
Center for Nonlinear Dynamics  
Center for Particles and Fields  
Center for Perceptual Systems  
Center for Systems and Synthetic Biology  
Center for Theoretical and Computational Neuroscience  
Charles A. Dana Center for Mathematics and Science Education  
COVID-19 Modeling Consortium  
Environmental Science Institute  
Institute for Foundations of Machine Learning  
Institute for Fusion Studies  
Laboratory for Advanced Systems Research  
Lady Bird Johnson Wildflower Center  
John Ring LaMontagne Center for Infectious Disease  
Machine Learning Laboratory  
Marine Science Institute  
McDonald Observatory  
Microelectronics Research Center  
Oden Institute for Computational Engineering and Sciences  
Population Research Center  
Quantum Information Center  
Systems Research Consortium  
Texas Aging and Longevity Center  
Texas Advanced Computing Center  
Texas Biologics  
Texas Cosmology Center  
Texas Field Station Network  
Texas Institute for Discovery Education in Science (TIDES)  
Texas Materials Institute  
Texas Robotics  
UT Nutrition Institute  
Waggoner Center for Alcohol and Addiction Research  
Weinberg Theory Group  
Wootton Center for Astrophysical Plasma Properties
