Please Drop (if applicable): | Course # | Unique # |

Name ___________________________ EID __________ Major ___________________________

By signing, I approve this student to be added to my class and agree to raise the class limit by one (regardless of whether the course is currently full):

Instructor’s Name ___________________________

Signature ___________________________ Date ___________________________

IMPORTANT INFORMATION FOR FACULTY

--If you grant a student permission to add your course, your class size will be increased by one.

--For graduate students, course prerequisites are not checked; it’s the faculty’s responsibility to determine if a student has the skills necessary to succeed in the course.

--Faculty have no obligation to accommodate graduate student add requests. Please be considerate of classroom size and resources.

--Due to course capacity issues, not all requested adds can be granted.

To be officially added to an undergraduate class, this form must be returned to Jeffrey Marsh in BMC 2.600. (All adds must be done with student present.)
