Information for New RTF Faculty

The following is information about many administrative aspects of teaching in RTF and at UT. Please keep all of this in mind as you prepare your course materials and contact Rachel Walker at rachel.walker@austin.utexas.edu with any questions.

Some of the university websites listed below will not be available to you until you receive your ID Card. Once your appointment is finalized, please go to the ID Center on the first floor lobby of the Flawn Academic Center (FAC) to have a UT ID card made. Be sure to bring a valid form of photo identification.

Academic calendar
The academic calendar is viewable online at http://www.utexas.edu/calendars/

Canvas
UT offers Canvas Course Management Software to faculty to use to organize their classes. You will appoint your TA on Canvas, so s/he can help you upload course materials, enter grades, post class announcements, etc.

Class Information on UT's Online Course Schedule
You can view your class information in the UT online course schedule at http://registrar.utexas.edu/schedules

Course Prerequisites
Click on the unique number(s) next to your course(s) in the UT course schedule to review your prerequisites. To allow a student into your class who does not meet the stated prerequisites, a Prerequisite Waiver Form must be completed by the student, signed by you, and submitted to Student Advising before the first day of class.

Course Restrictions
Courses listed as "restricted" are usually reserved for RTF majors only. Student Advising monitors these restrictions and may lift them during add/drop periods if a course is in danger of not filling.

Course Descriptions
The course descriptions on the UT Course Schedule are brief and general by necessity. The full course descriptions for your classes are currently posted at http://rtf.utexas.edu/undergraduate/courses and/or http://rtf.utexas.edu/graduate/courses.

Class Rosters
You can access your class rosters and many other teaching tools on-line via CLIPs.

Roll Call
You should call the roll on the first class day, and every day through the 4th class day, which is the last day that students can easily add or drop the course. Then check again on the 13th class day, as students can drop the class through the 12th class day. You can ask Jeffrey Marsh, RTF undergraduate advisor, to drop a student from your course who does not attend the first class meeting. Please note that some students may add the class after the first class day and thus should be allowed to remain in the class, so please be sure to note enrollment changes day to day. If you have questions about the beginning of classes, we can certainly discuss this in more detail.

"Late Adds"
For the first four class days, students are able to add/drop classes online (assuming there are open seats) as well as place themselves on waitlists. No manual adds will be processed during the first four class days. After the 4th class day, the online registration (and waitlist) system shuts down. Beginning on the 5th class day, students must pick up a Late Add Form (via Student Advising - BMC 2.600), get your signature, and return the form to Student Advising to be manually added to a course. This gives you an opportunity to accommodate any student(s) who was not able to enroll through the online registration system (perhaps due to the course being closed or restricted). You have no obligation to grant late add requests and should always be considerate of classroom size and resources. Also, keep in mind that permitting a late add to a closed class will raise your seat count by one. Course prerequisites are not enforced for late adds; it's your responsibility to determine if a student has the skills necessary to succeed in the course.

Waitlists
RTF uses an automated waitlist system for most upper-division classes. If your class fills to the closing limit, additional students can place themselves on the waitlist. If anyone drops the class, students from the waitlist are automatically added. The online waitlist is active until the end of the 4th class day of any given semester. Because of this, you should not give special permission to students to add a closed class until the 5th class day (see below). Instead, urge them to add themselves to the waitlist.

For questions about undergraduate class enrollments, late adds, or the waitlist system, please contact Jeffrey Marsh at (512) 471-4202 or jm arsh@austin.utexas.edu.
**Colloquium**

During the fall and spring semesters, the Department hosts the **Media Studies Colloquium**, a lecture series with guest presenters and current students speaking on diverse media studies topics. The colloquium is required for Ph.D. and M.A. students, while tenured and tenure track faculty are strongly encouraged to attend. Open to all.

**Computer trouble-shooting**

Please request assistance online at Landesk or by visiting the College's tech team on the CMA 3rd floor, behind the TV screens. You may also call their office at 512-471-1199. Please see below regarding technology in your classroom.

**Copying of course materials**

The copier available to you in the departmental office may be used for copying of exams, syllabi, and small quantities of other class materials.

**Course Instructor Surveys (CIS)**

At the close of the course all instructors are required to administer the teaching evaluation surveys provided by the University’s Measurement and Evaluation center. The Department staff will alert you to the procedures for administering this survey.

**Digitizing course materials**

The department copier can send digitized copies of materials to your email address or flash drive, which you can then post on Canvas. To link to materials at the library, please see [http://www.lib.utexas.edu/services/reserves/index.html](http://www.lib.utexas.edu/services/reserves/index.html)

**Email**

Faculty are expected to read all department email thoroughly, respond to all requests, and meet all deadlines. Please pay special attention to emails from RTF staff and administrators as you are responsible for keeping up with the information they send out.

New lecturers can sign up for a UT email address at [https://get.utmail.utexas.edu/](https://get.utmail.utexas.edu/)

**Enrollment**

UT uses an online registration system. Students are assigned access times during university-wide registration periods. The first opportunity to register for a course generally occurs the semester before the course is offered. Subsequent add/drop periods are also offered to allow students to change their schedules.

**Faculty Class Attendance**

Faculty should not be away from classes for more than an absolute maximum of four days, and should not miss more than two days of classes at a time, widely spaced, with an absolute maximum of two such absences per session. It is essential that faculty be in residence for the first and final days of class. Please do not plan to leave Austin prior to the day that your class officially ends (e.g., last class day or final exam day), and plan to be available to students, at least via email, for a few days’ time after you have posted and turned in your grades.

**Faculty Handbook**

Please review the department policies and procedures in the **RTF Faculty Handbook** available through the Department website: *This should be your "go-to" place for information you need to work in RTF, and you are responsible for being familiar with this information.*

**Faculty Innovation Center**

Offers a plethora of information and services for new faculty:

- [https://facultyinnovate.utexas.edu/](https://facultyinnovate.utexas.edu/)
- [https://facultyinnovate.utexas.edu/opportunities/symposium/resources](https://facultyinnovate.utexas.edu/opportunities/symposium/resources)

**Faculty Meetings**

These meetings are usually for tenured and tenure-track faculty, full-time lecturers and senior lecturers only. However, the first meeting of the academic year is often open to all. You will receive invitations by email for all meetings you are requested to attend.

All tenured and tenure-track faculty are expected make themselves available on Mondays from 12:00 – 1:00 for ad hoc faculty meetings during the Fall and Spring semesters. These meetings usually occur in CMA 5.130 (RTF Conference Room) for sub-committee meetings or CMA 5.136 (LBJ Room) for full faculty meetings.

**Final exam dates and policies**
The University’s final examinations policy is available at [http://catalog.utexas.edu/general-information/academic-policies-and-procedures/examinations/](http://catalog.utexas.edu/general-information/academic-policies-and-procedures/examinations/)

University rules for final exams include the following:

- If you choose to give one, it must be on your assigned final exam day (go to the course schedule, choose the current semester, then click "final exams").
- If you instead give a final exam on the last class day, it must be for less than 30% of the total grade.
- It is recommended that the due date for final assignments be on the last class day of the semester. However, you may also choose to make your official UT final exam date the official due date.
- You cannot schedule required class activities during the exam preparation days ("dead days") at the end of the semester (see [http://registrar.utexas.edu/calendars](http://registrar.utexas.edu/calendars) for dates). You may have "optional office hours" during these dead days (including reserving a room for those that wish to attend).

**Grades**

Faculty members are free to develop their own methods of evaluating the performance of students in their classes, but they are required to make the methods of evaluation to be used known in writing before the end of the fourth class day each semester and the second class day each summer term. Responsibility for assuring adequate methods of evaluation rests with departmental faculties and is subject to administrative review. In courses with multiple sections, departments should provide for necessary coordination. Materials used in evaluating a student’s performance must be collected by the instructor at or before the regularly scheduled final examination. The final examination is a common method of final evaluation in courses.

Letter grades are used to record the instructor’s evaluation of students’ performance in a course. The following grades are used: A, A-, B+, B, B-, C+, C, C-, D+, D, D-, and F. It is your choice whether you want to use +/- grades, or whole letter grades. Your choice must be stated on the syllabus. There is no University scale for +/- grades (you determine what grade earns an A- versus an A, for example.) Members of the faculty are not authorized, without the academic dean’s approval, to withhold a final grade or to defer reporting a final grade at the end of the semester other than by the use of the symbol X. If a grade is withheld without the dean’s approval, the grade may not be added to the official records later without the written approval of the academic dean. After a grade has been reported to the registrar, it may not be changed unless the instructor made an error.

For grade submission instructions and deadlines, please go to [http://registrar.utexas.edu/staff/grades](http://registrar.utexas.edu/staff/grades)

To send early absence/failure reports to students, use the CLIPs service: [https://utdirect.utexas.edu/nrport/clips_nros.WBX](https://utdirect.utexas.edu/nrport/clips_nros.WBX). For each student selected you may choose up to 3 standard messages from a list of 10 and include comments or suggestions for improving his/her performance or attendance. Once submitted, a secure email message detailing this information is sent to the student and a report is sent to the dean’s office.

**Grading Papers (Resources for Faculty) + Writing Support Resources for Grads and Undergrads**

Go [here](http://catalog.utexas.edu) for assistance/support/advice about grading papers and referring students for help with writing.

**Graduate Studies Committee (GSC - only for faculty who teach graduate courses)**

All faculty who teach graduate courses and participate in graduate committees are expected to attend these meetings. These are scheduled as needed and are organized by the studies area Graduate Advisor and Graduate Coordinator (Mona Syed).

**Graduate Student Enrollment (in undergraduate classes)**

Graduate students, regardless of major, can add a RTF undergraduate class at any time with instructor permission. Graduate students should complete a RTF Graduate Student Add Form PDF, get your signature, and return the form to Student Advising to be manually added to the class. Because undergraduate classes are primarily reserved for undergraduate students, adding a graduate student to an undergraduate section will ALWAYS raise your seat count by one. (Course prerequisites are not enforced for graduate students; it's your responsibility to determine if a student has the skills necessary to succeed in the course.)

**ID**

Once your appointment is finalized (I will let you know), please go to the ID Center in the 1st floor lobby of the Flawn Academic Center (FAC) to have a UT ID card made. Be sure to bring a form of photo identification.

**Keys**

Bert Herigstad will contact you with your office number and information about keys.

**Mandatory online training about sexual harassment and equal employment opportunity policies/laws**

All UT employees must complete these training modules, which take about twenty minutes. Sometime after the semester begins, please log on to [https://utdirect.utexas.edu/cts/profile.WBX](https://utdirect.utexas.edu/cts/profile.WBX), using your UT EID. The system will automatically take you to the modules required for your job title.

**Media Library**

The [Media Library](http://catalog.utexas.edu) in CMA 6.168 provides a reservable collection of films, videos, DVDs, Laserdiscs, audio cassettes. Use of library materials is restricted to RTF faculty and graduate students. Please see below for information about "screening materials" for your class.
Office

Bert Herigstad will contact you soon with your office number and information about keys.

Office Hours

We require faculty to hold posted office hours for at least three hours each week, either in their offices or in some other designated on-campus location. Faculty must make themselves available to any students who have classes during office hours, by appointment.

Parking

You will have the opportunity to pay for a garage space at faculty orientation (info to come). The closest garages are the 27th St. Garage and the San Antonio Garage. More info at http://www.utexas.edu/parking/parking/garages/.

Payroll

Public Relations

Our Communications and Programs Coordinator is Elana Wakeman, ewakeman@austin.utexas.edu or 512-471-6617. Please contact her regarding any publications, speaking events, screenings, news, etc. that you’d like to promote. She may promote items via department emails (to faculty, staff, students, and visiting scholars), social media, relevant calendars, slides for the College’s monitors, and the RTF website. She can also bring the news to the attention of the College Communications team who can draft press releases and work with UT Communications and/or outside media. Additionally, she can alert the College Communications team about significant works and events to be considered for inclusion in the Dean's bimonthly e-newletters, which he sends to all Moody College faculty and staff during the fall and spring semesters.

You may also want to access the Moody College's online Social Media directory, which has with links to all of the various social media outlets within the College of Communication, including the RTF department: https://moody.utexas.edu/media.

Tenured and tenure-track faculty and Lecturers: please send a recent picture, preferred contact details, and brief bio to Elana for the RTF faculty website: http://rtf.utexas.edu/faculty.

Reading packets

Should you wish your students to have a class packet of readings, we strongly recommend that you have these prepared at a nearby copier company, such as Paradigm Books (512.472.7986 or www.paradigmbooks.com) or Jenn's Copy and Binding (512.473.8669 or jennscopies.com) - directly across the street from our building). Your students will be responsible for purchasing the packet from them. We are simply not equipped to have large class packets copied on the departmental copier. These companies prepare copyright checks and prepare your packet from your originals within a few weeks’ time before the semester begins.

Restriction of student information. Protect their privacy; know the law.

You are responsible for adhering to the following laws: http://registrar.utexas.edu/students/records/ferpa/faculty

Room reservations

MCOC rooms can be reserved at https://web-apps.communication.utexas.edu/usher/Scheduling/ Please note that only faculty and staff can reserve most College classrooms and meeting rooms; all of the rooms to which you have access will appear in a drop-down menu when you log-in. Some rooms within the College and University are available for reservation by graduate students. Undergraduates who need space for class projects are required to go through their TAs for assistance. All classrooms for regularly-scheduled classes are reserved by Michelle Monk during the regular course scheduling process.

Screenings and Final Presentations

It is customary for production classes to screen their work during the end of the semester screenings, which usually occur the week after classes end. The Production Area Head and Communications Coordinator will coordinate your class' screening date with the other production faculty. You will need to ensure that your students meet any deadlines imposed by the dept tech staff (Keefe, Susanne, Jeremy) in finalizing their projects for screening. You and/or your TA will be responsible for assembling your class screenings.

Screening materials

If you would like to screen clips in class, you may use your own resources or borrow materials from the RTF Media Library. You can discuss what items you’ll need with Lee Sparks, our Media Librarian. You can reach him at Lee.Sparks@austin.utexas.edu or at 512-471-1906, between 9 am and 1 pm. About two weeks after your official appointment begins, you can go through the online reservation system to request resources: https://web-apps.communication.utexas.edu/usher/Services/ . Please only order materials you know you will use in class, and if you only need to show a short clip, please try finding on YouTube before asking the department to purchase a copy.
Student Support and Emergencies

It is important that you help students to become aware of the University facilities that can help them, and certainly the University Writing Center (http://uwc.utexas.edu/) is one facility to which we routinely refer people. Please also review the resources available at the Sanger Learning Center (http://www.utexas.edu/ugs/slc), Services for Students with Disabilities (http://ddce.utexas.edu/disability), and the Counseling and Mental Health Center (http://cmhc.utexas.edu/).

If you have concerns about a student’s behavior, please contact the Behavioral Concerns Advice Line at 232-5050 or contact them online at Behavior Concerns Advice Line (BCAL). If a student is in immediate danger to himself or someone else, please call 911 and notify the RTF main office immediately afterward. For more information, please see: wikis.utexas.edu/display/comm/Student+Behavior+Concerns.

Syllabus

Please think of the syllabus as a "contract" between yourself and your students for the work to be completed for the semester. Please see the following specific syllabus requirements: https://wikis.utexas.edu/display/comm/Syllabus+Requirements.

The Faculty Innovation Center hosts a very good website summarizing how to design your course and write a syllabus at http://ctl.utexas.edu/ (click on "Teaching" at the top of the page).

We are required to post your syllabus online by the first class day. Please send your syllabus to Bert Herigstad at bert.herigstad@austin.utexas.edu as soon as possible before that date.

Teaching Assistant

Our Graduate Program Coordinator, Mona Syed, will notify you of your TA assignment(s), if applicable. Your TA can assist you with either research or teaching assistance – but her/his hours should not average more than the number of hours per week for which s/he is appointed. Please read information about working with TAs at https://wikis.utexas.edu/display/comm/Working+with+TAs+and+AIs.

Technology in your classroom

Detailed info about the technology capabilities of your classroom is available at http://moody.utexas.edu/about/facilities. If you have questions, please contact the technical staff: comm-help@austin.utexas.edu or 512-471-1119.

Textbooks

The University has partnered with the Co-op to make sure UT is complying with a federal law that mandates required course material information be available to students at least 30 days prior to the start of class. The Co-op compiles all the course information and makes it available to the students on the UT Direct website. Even if you do not require a textbook, you need to log onto the Adopt system and flag "No Books Required" – this will change the message to students from "No information available" to “Your professor has indicated that no books are required.” This will most likely reduce your call and email volume from students with questions.

Although you must submit your book list to the Co-op, students are NOT required to order their books from them. They are welcome to search for their best deals online.

Instructions on how to submit your textbook list to the Co-op can be found here:

How to Submit Textbook Adoptions

Faculty FAQs

*IMPORTANT: *Faculty members may be given permission to use their own textbook for a course they teach, but only with prior approval from the Provost. Guidelines and required forms can be found here: Authorization to use Textbooks Written by a Member of the Faculty.

Travel (Tenured and tenure-track faculty only)

Please see the main Faculty Handbook page for all travel policies and forms.

RTF Staff

Please see our bios at https://rtf.utexas.edu/staff.
