### AVID - Copy Media Composer 101 Book Media to your hard drive

In the Dock of the Mac go to the sphere Icon

![sphere Icon](image)

Choose class_folders

![class_folders Icon](image)

Choose Connect

![Connect dialog](image)

Type in your EID password here.

Click on Connect

![Password dialog](image)
Go to class_folders>Classmedia>avid editing
classmedia>AVID MC8_6 EditStock Footage

Copy the MC101 v8.6 Media Kit.zip to your hard drive

After it has copied Double Click to expand

This is how your hard drive should look after dragging the files over

Then Launch AVID
