## WARNING!

If you proceed to edit without following the next steps, your audio may not work correctly!

Select all of your imported footage

From the clip menu choose "Modify > Audio Channels..."

or

Press Shift + G

Select "Mono" from the "Clip Channel Format" drop down

Set the "Number of Audio Clips:" to 2

Route your audio

Click OK

Drag your clips into the timeline
If you get this warning, choose "Keep existing settings"
