How to use the Microphones in Moody Communication classrooms

The following Moody Communication classrooms have microphones for voice reinforcement:

<table>
<thead>
<tr>
<th>CMA</th>
<th>CMB</th>
<th>BMC</th>
</tr>
</thead>
<tbody>
<tr>
<td>CMA 2.306 (UT Auditorium)</td>
<td>CMB 2.102 (Classroom)</td>
<td>BMC 1.202 (Lecture Hall)</td>
</tr>
<tr>
<td>CMA 5.316 (LBJ Room)</td>
<td>CMB 2.104 (Classroom)</td>
<td>BMC 2.106 (Moody Auditorium)</td>
</tr>
<tr>
<td>CMB 4.122 (4C Studio)</td>
<td></td>
<td>BMC 5.102 (Presentation Room)</td>
</tr>
</tbody>
</table>

Choose a Microphone to use: Wireless Lavaliere or Wireless Handheld
From the pull out drawer in the AV rack, choose a lavaliere or handheld microphone.

**NOTE:**
YOU CANNOT USE THE SAME COLORED MICROPHONES.

CHOOSE ONE RED AND ONE YELLOW

All the microphones are color-coded. Rooms with two microphones are colored RED and YELLOW.

BMC 2.106 and BMC 5.208 has four microphones: Red, Yellow, Blue, and Green.
Turn on the microphone.

The volume adjustment for the microphones is done using the audio mixer in the AV rack.

The channel for each "color" is indicated on each knob on the mixer. There is also a MASTER VOLUME knob on the right side of the mixer.
If you are having trouble with the microphones and are experiencing static / hiss in your audio, please make sure that you are not using the same colored microphones.

Also could be the battery. Ask Helpdesk for new batteries for the mics.

Please turn off the microphones when class has concluded and return them to the drawer in the rack.
