Setting up AMES on Android devices

1) Go to ‘All Apps’ and click on the ‘Mail’ app
2) It will open with two choices, select ‘Exchange ActiveSync’
3) Select ‘Manual’
4) Type in your email address
5) In the ‘Server Address’ field type ‘wmail.austin.utexas.edu’
6) In the ‘Domain’ field type ‘austin.utexas.edu’
7) In the ‘Username’ field type your EID
8) In the ‘Password’ field type your EID’s password
9) Make sure that ‘This server requires an encrypted SSL connection’ has been selected
10) Select ‘Next’
11) Here you will select all three options; ‘Mail’, ‘Contacts’, and ‘Calendar’ and select ‘Finish Setup’
