Vimeo Procedure for RTF 305

RTF 305 videos exist within the RTF vimeo account, vimeo.com/utrtf. In order to separate the films and the instructional videos, we do two things: password protect ALL 305 lectures, and add them to the RTF 305 album. The album can be linked to, as well as each video within it.

This is a recourse for RTF 305 online TAs. For vimeo access, contact the professor of RTF 305 online, or Elana Wakeman at ewakeman@austin.utexas.edu.
