Certain AISD, RRISD, PISD and Charter elementary schools have a primary coordinator assigned who has priority when making placements there. Before making any placements in an elementary school in these districts, please consult the list of primary coordinators. If the school has a primary coordinator, check with him or her before making any placements at that school. If you are interested in being the primary coordinator for a school that doesn't have one, please contact fieldexp@austin.utexas.edu.
