Sign In Step 4 - Select Desktop

The virtual desktop(s) that you have access to should appear.

Privacy settings for managed resources have been

☑️ College of Education Virtual Desktop

Stats Apps
Click on a desktop to log into it.
Sign in Step 5 - Access Local Resources Prompt
If you are prompted to allow access to local resources, you may choose whatever you like, and even choose "Don't ask me again..."

Make a selection and Click Allow to continue.
Final Sign in Step - Actually logging into the virtual desktop
One more login prompt to go! You should get a new tab next to "All Resources" with a prompt to enter your credentials.

Enter your Eid and password and click Submit.
Now in your browser you should see a full Windows 10 desktop. You'll find apps on the Taskbar and Start Menu. A webpage should automatically open with important information about using the desktop.
