Influencing

THE LONGHORN LIFE
STAFF NEWSLETTER

A Message from Our VP

As we shift from "unprecedented times" to "our new normal," learn about some university opportunities to help keep you healthy, and have some fun!

Mask Up! Photo Contest (for Division of Student Affairs Staff)

Show us how you mask up while working for UT Austin, either on campus or remotely — send us a photo showing your Longhorn pride.

Staying Connected

Interacting looks different on the Forty Acres, but that isn't stopping us from creating new, innovative ways to engage Longhorns.

Proactive Community Testing

Participate in quick, painless (saliva-based), convenient COVID-19 testing on campus — now even easier because you will not have to take a second test for confirmation if you test positive.

Coping during the Pandemic

A new outdoor hobby provided a safe way for this staffer to spend time with his mentees.

Student Resources Map

Share this map with students — it has COVID-19 testing sites, mask and hand sanitizer purchase locations, indoor study spaces and more.

Professional Coaching Goes Virtual

Leadership coaching isn't just for executives — see how our professional career coaching is transforming the Longhorn experience.
