

AVID - LanShare Login

1. Launch Connection Manager – Go to Macintosh HD > Applications> Avid Unity > ConnectionManager > Double Click to launch application

2. At the Network Login type in the User Name and Password
3. The User Name and Password will be either 346C, 390C or 318 depending on what class share is needed.

4. Once the UN and PW are entered click OK.
5. The Connection Manager will then show a mounting selection screen that user must select the Workspaces to mount. Select the appropriate one associated with the class.
