

# How to setup the Box Desktop Sync for Windows 8

## How to setup the Box Desktop Sync for Windows 8

If you do not have the Box Desktop Sync application:

Go to the Start screen and type Box. You should see the Box application as an option to install.

Install the Box app. Administrative access will be needed to complete the installation. If you do not have administrative access on your computer, please consult your local technical support staff.

Once installed, click on the Box App from the Start screen.

# Start

On the Box app login, select the "Use company credentials"

Enter your [CloudID](#) for the email address and click "Continue".

box

Simple, Secure, Sharing from Anywhere

Box offers secure, scalable content-sharing that both users and IT love and adopt.
