What is SAGA?

The Studio Art Graduate Association (SAGA) is a student-run organization that serves the needs of Studio Art graduate students. All Studio Art graduate students are full members by default. Associate-level membership is also open to: any faculty, staff member in the Department of Art and Art History; to alumni of the Studio Art MFA program; and to graduate students in other MFA programs.

SAGA supplements the education experiences of graduate Studio Art students by:

- providing opportunities for Studio Art MFA students to share their artwork with the larger UT community;
- providing opportunities for Studio Art MFA students to pursue interdisciplinarity and collaboration with other UT departments and student organizations;
- providing a channel of communication between: Studio Art MFA graduate students; and university faculty, staff, administration, and students;
- promoting diversity, equity and inclusion in the Studio Art MFA program;
- acting as a point of contact between alumni and the Studio Art MFA program.
