Getting Started

Quest Learning & Assessment utilizes the University of Texas electronic identification (UT EID) system for authentication. You will need an EID and your password to log in to Quest to access course material. If you think you might already have an EID, you can check using the UT EID Self-Help Portal by clicking "Find My UT EID" or "Change My Password".

If you already have an EID and know your password, you can skip to Logging in to Quest.

- Obtaining a University of Texas EID
- Logging in to Quest
