

AVID - Display Error

- If you try to open Avid and receive an error about not **Color Depth** having to be set to **Millions** (see Fig. 1) you should do the following:

FIG.1

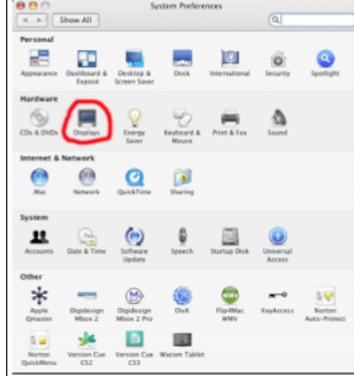

1. Hit **"OK"** to exit out of Avid application.
2. Click on the Apple symbol in the upper left-hand corner of the screen and select **"System Preferences"** (see Fig. 2)

FIG. 2

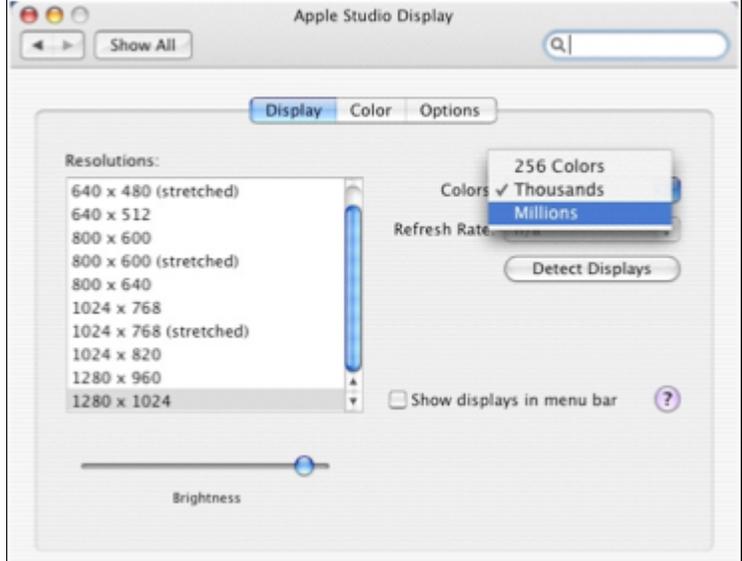

3. Double-click on the **"Displays"** icon (see Fig. 3)

FIG. 3

4. Click on **"Colors: Thousands"** and choose **"Millions"** (see Fig. 4).

FIG. 4

5. Close all windows and re-launch Avid and it should start-up normally.
