AVID - Locked Bins

Before you do this workflow check to see that you have Bin Sharing turned on

AVID - Bin Sharing on Non Avid Storage

Bins are locked even though no	Blockbuster Bin		* Blockbuster Bin _ 🗆 🗙				
other client is sharing that	Blockbuster Bin x		* Blockbuster Bin x				
project	Name Creation Date	DL	Name	Creation Date Du			
Shown here there is a RED lock on the locked bin on the left not GREEN like	Untitled Sequence.01 07.07.2014 15:38:56		Untitled Sequer				
ne one on the right.				Untitled V ()			
a shared project can be opened, out the bins are locked, and this roject is not currently being ccessed by another							
lient in the Unity Environment, hen in all likelihood there is corruption in the shared project older.							
ook for an Avid Bin file which ands in ".lck" (for lock).							
f you find one, and you are sure hat no other client system is owning" that shared project, then rash that ".lck" file and try to open he project again.							
The lock icon on the bins should be gone and read/write access should once again be available.							
MAKE SURE THAT AVID IS CLOSED BEFORE YOU LOOK FOR .lck FILES							
Go to the AVID Project Folder to	🔮 bump shots.avb		158 KB	Avid Bin File			
nd .lck files	bump shots.log			Text Document			
	Music Rox open AUDIO pub			Auid Rip Eile			
Open the AVID Project folder and book for a files with .lck extension	🗔 Music Box open AUDIO.lck		1 KB	LCK File			
and delete them.	Music Box open AUDIO.log		1 КВ	Text Document			
REMEMBER if AVID is open all open bins will have a .lck so make	📃 Music Box open SD.log		1 KB	Text Document			
per ono win nave a lok so make	齾 Music Box open seq.avb		2,011 KB	Avid Bin File			

Reopen AVID and all the bins should be green and unlocked
