## **Collaboration Zones (ASE 3.228, 4.228, 5.232)**

Each collaboration zone has a 49" wall display, AirMedia, HDMI wall plate and wall control panel. The wall display is on an articulating arm.

• Use the wall control panel to turn the wall display on/off and select in video input

· Crestron AirMedia Info

See the AirMedia information page.

HDMI Wall Plate

Under the wall display is a HDMI wall plate for plugging in a user supplied HDMI cable
