

Software Training and Tutorials

Online Resources

LinkedIn Learning, previously Lynda.com (Free)

LinkedIn Learning is a professional software training and tutorial site. To access the site follow the steps below or the [quick start guide](#).

- Go to www.linkedin.com/learning.
- Click on 'Log In' in the upper right of the window.
- In the right side window that opens, under "Log in through your organization or school", type utexas.edu.
- An EID authentication page will open.
- Log in with your EID and password.
 - Note: If you are asked whether to create a new Lynda.com account or merge an existing account, create a new account.
