

Faculty Database

Current faculty members in the College of Education now have the ability to update their profiles in the [Faculty Directory](#). New faculty members should fill out the [Marketing and Communications submission form](#) before trying to access.

Please be sure to note the following:

- Check your program affiliations on the **Your Research** sub-tab under the main **Research** tab. The affiliations will show up as links in the Program Area column on your department's Faculty Listing page.
- Text entered in the Areas of Expertise field on the same sub-tab as above will show up when someone mouses over your photo in the [faculty directory](#), so, anything you enter there should be kept brief and stylistically similar to your colleagues' copy.
- Graduate students can connect their profiles to yours and vice versa.

1. Go to Your Profile

Go to <https://apps.jsg.utexas.edu/profiles/> and log in with your UT EID.

2. How it Works

Your profile information is contained in a series of tabs. If you opt not to enter any information in a given tab, that tab will not appear on your profile page.

Be sure to click "Save" before moving to the next tab or you will lose your updates. Look for the green bar indicating that your updates have been saved before moving on.

You may need to clear your browser's cache to see the updates on your profile.

3. About You

3.1 Contact Info

Most, but not all, of this information is automatically populated from the University Directory. If you choose, you can add your cell phone number and office hours on this page.

If you want your middle initial to appear, you will need to add it to Workday.

Workday by default does not display the middle name for a worker unless an update is made to change your preferred name in Workday so that the middle name appears. Follow the guidance in the [Edit Personal Data - Workday Instructional Guide](#) to "Add/Change My Preferred Name" and be sure to uncheck the **Use Legal Name as Preferred Name** checkbox, which will allow you to edit the **Middle Name** field.

received his PhD from the University of Wisconsin-Madison.

His research agenda falls into two interconnected strands of research, related broadly to the education of African Americans. His first strand of research examines how educational stakeholders make sense of and respond to the educational needs of African American male students. The second strand examines how school curriculum depicts the historical experiences of African Americans in official school knowledge (e.g. standards and textbooks) and within popular discourse.

Overall, his work pursues a theoretical argument, which suggests that the examination of the historical and racial constructions of African Americans within the social sciences, educational literature, popular discourse and curriculum is vital to making sense of how questions are raised and how educational and curricular reforms are pursued for African American students in the present. His work has been published in Teachers College Record, Harvard Educational Review, Race Ethnicity and Education and the Journal of Educational Policy.

Professor Brown is the recipient of numerous awards, including Texas Research Outstanding

Professor, Department of Kinesiology and Health Education

Paty Abril-Gonzalez

Assistant Professor, Department of Curriculum and Instruction

Jennifer K Adair

Associate Professor, Department of Curriculum and Instruction

Ricardo C Ainslie

M. K. Hage Centennial Professor in Education, Department of Educational Psychology

This text needs to be kept short and be similar stylistically with the other faculty introductions in order to ensure a consistent experience with who may visit the site, including prospective students.

This text also will appear under the "Expertise" tab on your profile page. This text is also used next to your headshot on the appropriate graduate program web pages on the college's website.

4.2 Your Research - Research Keywords

Research Keywords are used for the [Faculty Experts Guide](#)'s search engine.

4.3 Projects & Grants

8. Connecting to Graduate Student Profiles

Now that graduate students can manage their own profiles in the same system faculty currently use, faculty members can connect to the profile pages of the graduate students they supervise regardless of if they are in the College of Education.

When you log on to <https://apps.jsjg.utexas.edu/profiles/>, you will see a new tab called Graduate Students, per the below.
