## AVID Media Composer - AVID Link How to License with System ID and Activation ID

Choose to Enter Manually	Avid Link	
	SK     LICENSES ENTER MANUALLY   Inter your System ID Inter your System ID   Products Enter your System ID   Inter your Activation ID Inter your Activation ID   Inter your System ID Inter your Activation ID   Inter your Activation ID Inter your Activation ID   Inter your Biggegggggggggggggggggggggggggggggggggg	
Put in the System ID and Activation ID that is on your avid account page	Avid Link [Signed out]     Avid Composer Profile	
Click Activate	ONLINE       OFFLINE       LICENSE SERVER         Please enter your license code and click Activate       SYSTEM ID         SySTEM ID       105         Products       ACTIVATION ID         Mussages       Paste         Device ID: 3612009372167268780516132         CQ       Activate	
If your activation fails then you need to deactivate on the computer that was previously activated	Palent       Media Composer       Installed: 2020.6       Open         Palent       Activation Failed: 101 Activation Failed. Total device count exceeded       X	
Same workflow but choose Deactivate	Avid Link     Media Composer   Ultimate	
	SK SK	
	Media Composer     10507515307     ACTIVATED       ACTIVATION ID:     MUHA-9HML-ESTD-V3VF     DEACTIVATE       Products     TYPE:     Annual	2
Then go to the new computer you want to activate and then enter in System ID and Activation ID again and now will activate.	Messages Media Composer   Ultimate Activated Installed: 2020.6 Open Activation: Media Composer successfully activated	
If you are not able to activate still then you have to put in a ticket with AVID.com Licensing	Go to this link and create a case with AVID https://www.avid.com/learn-and-support/contact-broadcast-and-video-support
