Print Club

Welcome to Print Club!

Print Club dedicates space and time on Fridays to explore the endless and magical world of printmaking. Print Club is open to students currently studying in the Department of Art and Art History, including students registered in art for non-majors courses. It is an opportunity for students to make work outside of the class curriculum, and to continue and join the historic tradition of the print community.

Print Club meets in the ART building: ART 2.308C

Please sign up for the Print Club mailing list to stay up-to-date with Print Club announcements.
