

Tableau

About	All Software	Software By Category	Info For Student Computers	Info For Faculty
-------	--------------	----------------------	----------------------------	------------------

Tableau Public is an open source data visualization application.

- **Where Available:** Student Computer
- **Source:** There is a free, public version, which is available to anyone, and a more advanced version which is free for students*
Free Version: <https://public.tableau.com/s/download>
Student Version: <https://www.tableau.com/academic/students>
* Note: The use of the student version of Tableau requires you submit proof that you're a qualifying student. That verification is done through a third party, SheerID.com, and not through UT. [Please review SheerID's privacy policy](#) before submitting any documentation to them.
- **Cost:** Free Public and Student versions (\$999 for standard Desktop version, \$500 for Online version)
- **Course:** MS and BBA Business Analytics courses
- **Online Training:** <http://www.lynda.com/search?q=Tableau>

Lynda.com

As a UT student you have free access to professional online training videos from Lynda.com. Where Lynda has specific training videos on course software used at the McCombs School of Business you can find a link to those videos in the software details for that application (note: If you click on a link to a Lynda video you will need to click "Log in" at the top right hand corner of the Lynda page, and type www.utexas.edu in the "Log in through your organization or school" section). You can learn more about free training from Lynda.com at [Lynda at McCombs](#)
