Pathology Interest Group (PathIG)

Welcome to the Pathology Interest Group!

Goal:
The goals of PathIG are to provide students of all levels an avenue to learn about the field of Pathology, provide opportunity to shadow attendings in the field, provide educational opportunities in pathology, and provide resources and support to assist students forming highly competitive applications to Pathology residencies.

All students are welcome! We welcome students who are interested or curious about pathology as a career, students who want to learn more about how pathology interacts with and influences other clinical specialties, or students who just want to learn more about pathology in general.

For events and updates, join us on the slack workspace (#pathig).

Interested in a leadership position? E-mail Lori at lori.healey@utexas.edu or fill out the following form: https://forms.gle/fNCtpS7aLypayjGV7.

If you are looking for an online resource to see examples of gross and microscopic pathology, a good resource is: Pathology Outlines.

Student Leaders
Lori Healey, Class of 2021 – lori.healey@utexas.edu

Faculty
Dr. B. Alan Rampy – alan.rampy@austin.utexas.edu
